Chris Heuberger

Front-End
Web Developer

Experience

Radish Lab / Brooklyn, NY
Front-End Web Developer, November 2014 – May 2022

- developed, tested, and maintained websites for non-profit organizations and other social impact clients
- oversaw mobile-first front-end development, cross-browser compatibility, and performance optimization
- implemented solutions for accessibility, security, SEO, analytics, DNS, hosting, and deployment
- created technical documentation and CMS user guides for clients

Art House Co-op / Brooklyn, NY
Librarian / Manager, March 2011 – April 2014

- helped run various interactive, globally crowdsourced, traveling art projects
- served as curator and librarian for The Sketchbook Project, a collection of over 30,000 artists' sketchbooks from around the world
- designed brand and promotional materials for new projects and events
- managed web store and social media content for The Brooklyn Art Library
- coordinated events and served as press contact for special exhibitions

T Salon / New York, NY
Art Director, October 2009 – March 2011

- served as art director and marketing director for a boutique tea company
- led our brand management as we expanded from New York to Los Angeles
- designed and produced catalogs, custom labels, and promotional materials
- created screen graphics and signage for retail locations and events
- maintained our website and designed email marketing materials

The Madison Design Group / Bethesda, MD
Graphic Designer, October 2005 – September 2009

- designed various materials for print and web such as identity systems, magazines, brochures, annual reports, invitations, e-newsletters and websites
- managed projects and oversaw production for corporate and non-profit clients

Education

General Assembly / New York, NY
